# Thyroid Cancer 2015

## Advances in the Diagnosis & Treatment of Thyroid Nodular Disease and Cancer

**Friday, November 6, 2015**

**Bluemle Life Sciences Building | 233 South 10th Street, Philadelphia PA, 19107**

This CME conference provides an active learning environment allowing participants to engage in critical deliberations and debates with nationally renowned experts in the field of adult and pediatric thyroid cancer.

### **Why you should attend:**

- Gain insight from notable thought leaders as they discuss and debate their approach to difficult adult and pediatric patient care decisions.
- Assess latest guidelines for adult and pediatric thyroid cancer to apply to your practice setting.
- Network with expert faculty and colleagues in an open forum learning environment.

### **Key topics include:**

- Application of the 2015 ATA Thyroid Nodule and DTC Guidelines
- Molecular Testing for Perioperative Decision Making
- Surgery for Thyroid Cancer: Is Less More?
- Systemic Therapy for Differentiated Thyroid Cancer
- MD Anderson Experience with Kinase Inhibitor Drugs
- Pediatric Differentiated Thyroid Cancer-Guidelines for Initial Therapy and Lifelong Surveillance

**Target Audience:** General and endocrine surgeons, otolaryngologists, endocrinologists, medical imagers, pathologists, family physicians, nurses and trainees.
